**Address**

A list of campus numbers is available on the BCD website (www.bcd.umn.edu).

You can search for a building by typing in the entire name or use wild cards (% - percent signs) to help search for a building name if you are unsure of the exact name or spelling.

- Enter the campus number and type a partial name to see all of the buildings with the same beginning letters. For example, type TER to select any building name with the letters TER at the beginning of the name such as: Territorial Hall.
- Enter the Campus Number and type %alumni% to select any building name that includes the word “alumni”. For example, McNamara Alumni Center.
